## **DETAILED ACTION**

This office action is in response to applicant's amendment filed on 27 October 2004.

### ***Drawings***

1. Replacement drawing sheets were received on 27 October 2004. These drawings are not acceptable because the copies of photographs corresponding to Figs. 1b, 2c, 2d, 3b, 3d, 3e, 4d, 4e are not of sufficient quality for all of the details in the photographs to be reproduced in the printed patent. Accordingly, the drawings are objected to per 37 CFR 1.84(b).

### ***Allowable Subject Matter***

2. Claims 1-6 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 1-6 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a method for forming a semiconductor device that

includes the step of forming a bit line on an interlayer insulating film, the bit line including a hard mask layer formed thereon, combined with the step of forming a storage electrode contact hole through the interlayer insulating film, and then further combined with forming first and second nitride films, in sequence, over this resulting structure, wherein the thickness of the second nitride film formed at the bottom and on the inner walls of the contact hole are smaller than the thickness of the second nitride film on the hard mask layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen W. Smoot whose telephone number is 571-272-1698. The examiner can normally be reached on M-F (8:00 am to 4:30 pm).
